The project is implemented with the financial support of the Ministry of Transport and Construction of the Slovak Republic

Biking

Do you like to see the world from the bike saddle? Take a cycling ride along the Danube or Morava Rivers to the capital of Bratislava, to Záhorie or to the Small Carpathians forests. In the region, you will find hundreds of kilometres of cycling trails that will take you to remarkable places. For short transport in Bratislava, you can use bike sharing or borrow a bicycle or an e-bike in one of the rentals.

Car sharing

Car sharing – the green mobility trend – has already arrived in Bratislava. In front of the Old Market, there are several white VW Ups you can rent and use for your discovery journeys. The cars are electric and are equipped with a special navigation system that will take you through six routes around Bratislava and the surrounding area.

Železná studnička – Kamzík Cableway

This cableway connects two popular recreation sites in the forests of Bratislava: Železná studnička and Koliba. The cableway which runs all year round from Thursday to Sunday and during public holidays, transports also bicycles. This way, it is a great addition to the Koliba Bikepark. The varied leisure activities at Koliba include a rope park, a summer bobsleigh track, a playground or a view from a television tower.
