## Project form

Title of the project	Green cities in the area of Danube Region		
Priority	1. - Green cooperations		
Specific objective	1.2 - Protection and preservation of nature, biodiversity and green infrastructure		
Measure	1.2.1/C - Green infrastructure		
Total budget	4 191 954,24 EUR		
EU contribution	3 353 563,39 EUR		
National contribution	520 759,87 EUR	Hungary	88 626,89 EUR
		Slovakia	432 132,98 EUR
Own contribution	317 630,98 EUR	Own public contribution	317 630,98 EUR
		Own private contribution	0,00 EUR
Start date of project	01/11/2024	End date of project	30/04/2027
Duration of the project (in month)		30	

<b>Partner ID:</b>	HUSK/2302/2/1.2/005	<b>Project acronym:</b>	#greencities
<b>Lead Partner:</b>	Bratislavský samosprávny kraj, Bratislava Self-Governing Region

### 3. Project Description

#### Project description

##### Short project summary in English (max. 2500 char.)

The aim of the project is to protect and preserve natural capital in the form of green infrastructure development in urban areas. The goal is to strengthen the potential of the Slovak-Hungarian cross-border area through the revitalisation of green zones in the context of climate change.

During the implementation of the project, major infrastructure investments will be made in the five municipalities, which is in itself an example of good practice, as the type of technology and urban design used is not currently widespread in natural environments. The actual infrastructures that will be restored range from the application of green roofs, to the reconstruction of a city centre square, to the comprehensive revitalisation of a historic park as a national cultural monument in the context of climate change.

The infrastructural activities will be accompanied by significant events and an awareness-raising campaign to systematically and purposefully disseminate the expert content of each site and encourage visitors to adopt these best practices in their daily practice. To this end, a guide handbook will be prepared to train the project visionaries and other stakeholders (municipal public education officials, teachers, etc.) using experiential pedagogy tools.

Following this, a system of "green ambassadors" will be launched, which will contribute significantly to the long-term sustainability of the project. The ambassador system is based on the commitment of trained professionals to use the knowledge they have acquired on a training sessions and pass it on to interested people in their communities, with the aim of disseminating the knowledge widely.

The project outputs will also be spread further on a transnational level at the upcoming Győr Climate EXPO 2025 and 2026. This event was the largest local event of the Interreg Cooperation Day programme in 2022. In order to span the results even more widely, we will organise a conference for both the professional and wider public on different approaches to green area revitalisation in the Danube Region. The purpose of the conference will be to present innovative principles of sustainable development in the revitalisation of green urban areas in line with adaptation measures to the negative impacts of climate change, to present concrete green urban infrastructures of the project partners and to exchange knowledge of green ambassadors.

##### Short project summary in Hungarian (max. 2500 char.)

A projekt célja a természeti tőke védelme és megőrzése a városi területeken a zöld infrastruktúra fejlesztésén keresztül. Cél a szlovák-magyar határ menti térség potenciáljának erősítése a zöldterületek revitalizációja révén a klímaváltozással összefüggésben.

A projekt megvalósítása során az öt városban jelentős infrastrukturális beruházások valósulnak meg, ami önmagában is példaértékű, hiszen az alkalmazott technológia és várostervezés típusa jelenleg nem elterjedt a zöldövezeti környezetben. A helyreállításra kerülő tényleges infrastrukturális fejlesztések a zöldtetők alkalmazásától kezdve egy belvárosi tér rekonstrukcióján át egy történelmi parkon keresztül, mint nemzeti kulturális műemlék átfogó revitalizációjáig terjednek az éghajlatváltozás összefüggésében.

Az infrastrukturális tevékenységeket nagyszabású rendezvények és figyelemfelkeltő kampány kíséri, amelynek célja az egyes helyszínek szakértői tartalmának szisztematikus és célzott terjesztése, valamint a látogatók ösztönzése arra, hogy ezeket a legjobb gyakorlatokat a mindennapi gyakorlatban is alkalmazzák. E célból kézikönyv készül a projekt kedvezményezettjei és más érdekelt feleknek (önkormányzati, közoktatási tisztviselők, tanárok stb.) a gyakorlati

<b>Partner ID:</b>	<b>HUSK/2302/2/1.2/005</b>	<b>Project acronym:</b>	<b>#greencities</b>
<b>Lead Partner:</b>	<b>Bratislavský samosprávny kraj, Bratislava Self-Governing Region</b>		

pedagógia eszközeivel történő képzésére.

Ezt követően elindul a „zöld nagykövetek” rendszere, amely jelentősen hozzájárul a projekt hosszú távú fenntarthatóságához. A nagyköveti rendszer alapja a képzett szakemberek elkötelezettsége, hogy a megszerzett tudást felhasználják és továbbadják az érdeklődőknek saját közösségükben, azzal a céllal, hogy a tudást széles körben terjesszék.

A projekt eredményeit transznacionális szinten is tovább terjesztjük a soron következő győri Climate EXPO 2025 és 2026 alkalmával. 2022-ben ez az esemény volt az Interreg Együttműködési Nap program legnagyobb helyi rendezvénye. Az eredmények még szélesebb körű terjesztése érdekében konferenciát szervezünk a szakmai és a szélesebb nyilvánosság számára a zöldterületek revitalizációjának különböző megközelítéseiről a Duna Régióban. A konferencia célja a fenntartható fejlődés innovatív elveinek bemutatása a zöld városi területek revitalizációjában az éghajlatváltozás negatív hatásaihoz való alkalmazkodási intézkedésekkel összhangban, a projektpartnerek konkrét zöld városi infrastruktúráinak bemutatása és a zöld nagykövetek ismereteinek cseréje.

### Short project summary in Slovak (max. 2500 char.)

Cieľom projektu je ochrana a zachovanie prírodného kapitálu v podobe rozvoja zelenej infraštruktúry v mestských oblastiach. Účelom je posilnenie potenciálu slovensko-maďarského cezhraničného územia prostredníctvom revitalizácie zelených zón v kontexte zmeny klímy.

Počas implementácie projektu sa v piatich mestách uskutočnia veľké investície do infraštruktúry, ktoré sú samy o sebe príkladom dobrej praxe, keďže použitý typ technológií a urbanistického dizajnu v súčasnosti v prírodnom prostredí nie je rozšírený. Samotné infraštruktúry, ktoré budú obnovené sú od aplikácie zelenej strechy, cez rekonštrukciu námestia v centre mesta až po komplexnú revitalizáciu historického parku ako národnej kultúrnej pamiatky v kontexte zmeny klímy.

Infraštruktúrne aktivity budú sprevádzať významné podujatia a osvetová kampaň, ktorá majú za cieľ systematicky a cieľavedome šíriť odborný obsah jednotlivých lokalít a povzbudzovať návštevníkov, aby si tieto osvedčené postupy osvojili vo svojej každodennej praxi. Na tento účel bude pripravená príručka, ktorá s využitím nástrojov zážitkovej pedagogiky vyškolí vizionárov projektu a ďalšie zainteresované strany (obecných úradníkov pre verejnú vzdelávanie, učiteľov atď.).

V nadväznosti na to sa spustí systém "zelených ambasádorov", ktorý významne prispeje k dlhodobej udržateľnosti projektu. Systém ambasádorov je založený na záväzku vyškolených odborníkov využívať získané vedomosti a odovzdávať ich záujemcom vo svojich komunitách s cieľom širokej diseminácie poznatkov.

Výstupy projektu sa budú šíriť ďalej aj na nadnárodnej úrovni a to na nadchádzajúcom veľtrhu Győr Climate EXPO 2025 a 2026. Toto podujatie bolo najväčším miestnym podujatím programu Interreg Cooperation Day v roku 2022. V záujme ešte širšej propagácie výsledkov budeme organizovať konferenciu pre odbornú aj širšiu verejnosť o rôznych prístupoch k revitalizácii zelených plôch v Podunajskom regióne. Účelom konferencie bude prezentácia inovatívnych princípov udržateľného rozvoja pri revitalizácii zelených mestských plôch v súlade s adaptačnými opatreniami na negatívne dopady zmeny klímy, prezentácia konkrétnych zelených mestských infraštruktúr partnerov projektu a výmena poznatkov zelených ambasádorov.

## 4. Project activities

### Lead Partner

2 AG2 – Core	
2.1.1 - Urban green infrastructure - revitalisation of historic Park in Malinovo	
<b>Activity description:</b>	<p>The aim of partner is a comprehensive revitalisation of the park in Malinovo. Park is historically valuable object of garden architecture; however, its current condition no longer corresponds to today's operational and user needs. The aim of the revitalisation is to repair this condition and return park to its original character of a natural landscape park.</p> <p>After the successful implementation of the public tender for the construction contractor, the contract will be concluded and the construction site will be handed over. The construction contractor will also hand over the construction schedule. According to the project documentation, the revitalisation of the park will be divided into the following construction objects:</p> <ul style="list-style-type: none"> <li>• SO 1A - Park roads - complete reconstruction of the main routes, new walking routes</li> <li>• SO 1B – Entrance road – reconstruction of entrance road - the range is given by the existing entrance gate to the park till the entrance to the Manor House</li> <li>• SO 2 - Vegetation management - design and planting of new greenery</li> <li>• SO 3 - Irrigation system - underground tanks used for collecting rainwater</li> <li>• SO 4 - Mobility, equipment, sports - functional furniture, sports and play elements for all target groups, new playgrounds, sandpit</li> <li>• SO 5 -Park lighting - design of lighting for park roads, playgrounds, and pre-prepared cabling for the lighting of the manor house and cultural events</li> <li>• SO 6 - Camera system - design and implementation of a camera system</li> <li>• SO 7 - Small architectural elements – renovation of park fencing and new gazebo</li> <li>• SO 8 - Storm water system - rainwater drainage from the roof of the manor house and rainwater collection in storage tanks. Rainwater will be used in the summer months for irrigation of greenery.</li> </ul>
<b>Location of the activity - Country:</b>	Slovakia
<b>Location of the activity – NUTS III:</b>	Bratislavský samosprávny kraj
<b>Exact location</b>	Bratislavská 118, 900 45 Malinovo

<b>Tangible outcome:</b>	13 hectares of revitalized green space (Revitalised historical park - reconstruction of park roads, vegetation management, irrigation system, mobility, equipment, sport elements, park lighting, camera system, small architectural elements)
<b>Estimated cost (EUR):</b>	2 921 945,65
<b>2.1.2 - Conference on different approaches to the revitalization of green areas in the Danube Region</b>	
<b>Activity description:</b>	<p>Purpose of this activity is to organise conference on different approaches to the revitalization of green areas in the Danube Region. Programme of the conference will include:</p> <ul style="list-style-type: none"> <li>- presentation of principles of sustainable development in the revitalisation of the green urban areas in line with adaptation measures to the negative impacts of climate change</li> <li>- good practice examples - creation of a climate resilient zones - presentation of particular green urban infrastuctures of partners</li> <li>- sharing knowledge of Green Ambassadors.</li> </ul> <p>Conference will take place in newly opened Ecocentre Čunovo, which represents trilateral cross-border hub for environment education, maintenance of gardens and centre of sustainable regional development.</p> <p>Estimated number of participants: cca 100</p>
<b>Location of the activity - Country:</b>	Slovakia
<b>Location of the activity – NUTS III:</b>	Bratislavský samosprávny kraj
<b>Exact location</b>	Ecocentre Čunovo
<b>Tangible outcome:</b>	1x conference for experts and broad public on different approaches to the revitalization of green areas in the Danube Region (cca 100 participants)
<b>Estimated cost (EUR):</b>	15 475,00
<b>2.1.3 - Service readiness</b>	
<b>Activity description:</b>	<p>This activity ensures that completed infrastructure meets all regulatory, legal, and operational standards required for official use. It includes obtaining an occupancy permit and other compliance approvals, confirming the infrastructure adheres to construction and safety standards.</p> <p>The process involves securing notification of construction works marked with legal validity, as well as ensuring all contracts with contractors and building supervisors are finalized. Additionally, opinions from affected state and public administration bodies, along with other relevant organizations, are gathered to verify compliance with all regulations.</p>

	<p>The readiness of the revitalized park's infrastructure and equipment will be ensured through comprehensive documentation and quality verification processes. This includes:</p> <ul style="list-style-type: none"> <li>• Notification of construction and maintenance works</li> <li>• Site acceptance protocol</li> <li>• Acceptance protocol of completed works</li> <li>• Notification of completion of construction and maintenance works to the Building authority</li> <li>• Tree felling permit</li> <li>• Notification of completion of felling works to the Building Authority</li> <li>• Handover of the works / protocol / to the owner</li> </ul> <p>From the point of staffing, financial and administrative preparation after the revitalization of the park, BSK as a major owner BSK or an organisation established by BSK will be responsible for the maintenance and facility of the park. BSK has all necessary resources to maintain and manage revitalised park including financial, personal and expert ones. BSK is owner of several historical parks and buildings, so it has experience in maintenance of historical objects.</p> <p>The revitalized park will be prepared to serve the community as a publicly accessible space, welcoming residents and visitors during predetermined opening hours. To enhance its utility and cultural value, the manor house courtyard will be designated for special events only, creating an exclusive venue for select activities. As part of the park's future use, the municipality and local stakeholders will organize events such as the Wine Festival, Christmas markets, workshops, and sporting events, enriching the community's cultural and recreational offerings. These activities will take place both during the implementation phase and after project completion, ensuring the park becomes a vibrant and integral part of the local social and cultural landscape.</p>
<b>Location of the activity - Country:</b>	Slovakia
<b>Location of the activity – NUTS III:</b>	Bratislavský samosprávny kraj
<b>Exact location</b>	Bratislavská 118, 900 45 Malinovo
<b>Tangible outcome:</b>	<ol style="list-style-type: none"> <li>1. Occupancy permit from local authorities</li> <li>2. Compliance certificates and inspection reports</li> <li>3. Finalized and approved operational manual and organizational policies</li> <li>4. Meeting minutes and attendance records</li> <li>5. Training completion certificates and feedback forms</li> <li>6. Equipment installation and functionality report</li> <li>7. Marketing materials (flyers, social media posts, press releases)</li> <li>8. Brochures, guides, and/or educational materials</li> <li>9. Financial systems setup and initial budget report</li> </ol>

<b>Estimated cost (EUR):</b>	
------------------------------	--

### 3 AG3 – Promotional

#### 3.1.1 - Mandatory promotion and visibility activities at the beginning of the implementation (BSK)

<b>Activity description:</b>	<p>Visibility of the project will be in line with guidelines of project promotion via visibility, communication and marketing measures, visual elements and project types.</p> <p>At the beginning of the implementation, LP will ensure billboard, website article, press release and social media post (1).</p> <p>LP will cooperate with the Department of Communication and Marketing of BSK in activities such as press release, website articles, social media campaign and photo documentation.</p> <p>LP plans to organise an opening ceremony before the revitalisation of park will start. Venue of the opening ceremony will be in the area of historical park. All PPs will be invited and press release will be published.</p>
<b>Location of the activity - Country:</b>	Slovakia
<b>Location of the activity – NUTS III:</b>	Bratislavský samosprávny kraj
<b>Exact location</b>	Bratislavská 118, 900 45 Malinovo
<b>Tangible outcome:</b>	<p>1x Billboard</p> <p>1x Website article</p> <p>1x Press release</p> <p>1x Social media post</p> <p>1x Opening ceremony</p>
<b>Estimated cost (EUR):</b>	2 400,00

#### 3.1.2 - Mandatory promotion and visibility activities during and at the of the final phase of implementation (BSK)

<b>Activity description:</b>	<p>Visibility of the project will be in line with guidelines of project promotion via visibility, communication and marketing measures, visual elements and project types.</p> <p>During and at the final phase of implementation, LP will ensure photo documentation (3), mark, plaque, press release (2), social media post (2).</p>

	LP will cooperate with the Department of Communication and Marketing of BSK in activities such as press release, website articles, social media campaign and photo documentation.
<b>Location of the activity - Country:</b>	Slovakia
<b>Location of the activity – NUTS III:</b>	Bratislavský samosprávny kraj
<b>Exact location</b>	Malinovo
<b>Tangible outcome:</b>	3x photo documentation 1x marks 1x plaque 2x press release 2x social media post
<b>Estimated cost (EUR):</b>	1 360,00

### 3.1.3 - Optional promotion and visibility activities (BSK) - Handover ceremony

<b>Activity description:</b>	<p>This activity aims to celebrate the completion and transfer of project outputs to stakeholders and the public. The ceremony will include presentations on project achievements, acknowledgments of partner contributions, and the official transfer of project results.</p> <p>Handover ceremony will take place after the revitalisation of the park in the municipality of Malinovo and will include guided tour of the revitalized park. The event will be an official opening of the park for general public with participation of political representatives.</p> <p>Estimated number of participants: cca 50</p>
<b>Location of the activity - Country:</b>	Slovakia
<b>Location of the activity – NUTS III:</b>	Bratislavský samosprávny kraj
<b>Exact location</b>	Bratislavská 118, 900 45 Malinovo
<b>Tangible outcome:</b>	1x Handover ceremony (cca 50 participants)

<b>Estimated cost (EUR):</b>	
<b>3.1.4 - Optional promotion and visibility activities (BSK) - Park maps</b>	
<b>Activity description:</b>	Park maps will be kid-friendly printed maps of the park will include points of interest, circuits variations, basic information about the park and castle. During the public events every visitor gets a park map with QR code at the entrance of the revitalised park.
<b>Location of the activity - Country:</b>	Slovakia
<b>Location of the activity – NUTS III:</b>	Bratislavský samosprávny kraj
<b>Exact location</b>	Bratislavská 118, 900 45 Malinovo
<b>Tangible outcome:</b>	2 000x Park maps
<b>Estimated cost (EUR):</b>	3 000,00

<b>1 AG1 – Preparatory</b>	
<b>1.1.1 - Public Procurement: Construction Company</b>	
<b>Activity description:</b>	This activity involves the preparation and execution of a public procurement process to select a supplier - qualified construction company. The selected contractor will be responsible for implementing construction-related tasks aligned with the project's goals and technical specifications. This procurement process ensures transparency, compliance with legal standards, and the acquisition of services that meet standards to support successful project completion.
<b>Location of the activity - Country:</b>	
<b>Location of the activity – NUTS III:</b>	
<b>Exact location</b>	
<b>Tangible outcome:</b>	1x contract with construction company
<b>Estimated cost (EUR):</b>	

1.1.2 - Public Procurement of External Services: Event management services	
<b>Activity description:</b>	<p>This activity focuses on the public procurement process to engage a specialized event management provider. The chosen service will organize a conference on different approaches to the revitalization of green areas in the area of Danube Region.</p> <p>Responsibilities of the supplier will include logistical coordination, translation services, catering, sound and lightning system facilitation, and overall event execution, ensuring a professional platform for knowledge exchange and stakeholder engagement on sustainable green area management practices.</p>
<b>Location of the activity - Country:</b>	
<b>Location of the activity – NUTS III:</b>	
<b>Exact location</b>	
<b>Tangible outcome:</b>	1x order of the preparation and provision services of the event (conference on different approaches to the revitalization of green areas in the area of Danube Region)
<b>Estimated cost (EUR):</b>	

## Partner 1

3 AG3 – Promotional	
3.2.1 - Compulsory promotion activity - during preparatory activities	
<b>Activity description:</b>	<p>Arrabona EGTC will carry out and place the mandatory visibility and communication measures during the implementation of preparatory activities and during the implementation of the core activities as described in the Project Promotion Guidelines: a poster (most likely a roll up) will be used at the headquarters and events and a mark placed on equipments purchased from the project budget. A press release will be issued at the start of the project, an article will be pulished at the website of the partner and social media post/s will be posted.</p> <p>Professional photographic documentation will be carried out by the PP1 during the implementation of the core activities, it will consist at least 10 high quality professional photographs.</p>
<b>Location of the activity - Country:</b>	Hungary

<b>Location of the activity – NUTS III:</b>	Győr-Moson-Sopron vármegye
<b>Exact location</b>	9025, Győr, Radnóti street 46.
<b>Tangible outcome:</b>	1x Poster 1x Partner website article 1 x press release 1x social media post 1x Photo documentation during the implementation of the core activities
<b>Estimated cost (EUR):</b>	

### 3.2.2 - Compulsory promotion activity - after the implementation of the core activities

<b>Activity description:</b>	Arrabona EGTC will carry out Compulsory promotion activity - after the implementation of the core activities as described in the Project Promotion Guidelines: These elements will be the followings: marks, press releases, social media posts, photo documentations. Before the end of the project implementation a closing event will be organized by the PP1 with the mandatory information and visual elements.
<b>Location of the activity - Country:</b>	Hungary
<b>Location of the activity – NUTS III:</b>	Győr-Moson-Sopron vármegye
<b>Exact location</b>	9025, Győr, Radnóti street 46.
<b>Tangible outcome:</b>	Marks on the purchased items 1x press release 1x social media post 1x photo documentation 1x closing event of the project
<b>Estimated cost (EUR):</b>	

### 3.2.3 - Other possible promotion activities during the implementation of the core activities

<b>Activity description:</b>	Arrabona EGTC will carry out other promotional activities during the project implementations. The roll up will be displayed on the public project events, such as workshops, training, “Climate Expos”. We are also planning to use the programme’s marketing measures on the published documents (both in print and in digital)
------------------------------	--

<b>Location of the activity - Country:</b>	Hungary
<b>Location of the activity – NUTS III:</b>	Győr-Moson-Sopron vármegye
<b>Exact location</b>	9025, Győr, Radnóti street 46.
<b>Tangible outcome:</b>	Using the visibility measures ( e.g.: roll up) social media posts about the implementation of the projects
<b>Estimated cost (EUR):</b>	

## 2 AG2 – Core

### 2.2.1 - Project management (Arrabona EGTC)

<b>Activity description:</b>	Project management activities will be carried out by PP using its extensive and experience staff and external expert pool. Project Management experts will liaise with the the other partners in the detailed design and implementation of the planned activities
<b>Location of the activity - Country:</b>	Hungary
<b>Location of the activity – NUTS III:</b>	Győr-Moson-Sopron vármegye
<b>Exact location</b>	9025, Győr,Radnóti street 46.
<b>Tangible outcome:</b>	1x Subsidy contract 1x national prefinancing contract 8 x project part reports 1 x national cofinancing contract
<b>Estimated cost (EUR):</b>	93 709,00

### 2.2.2 - Green Ambassadors Programme

<b>Activity description:</b>	The Green Ambassadors (GA) is a new concept to disseminate information and carry out public awareness raising about sustainable living in communities. The GAs will organise activites and programmes that will help communities and individuals to familiarise with the concept of sustainability and to start and implement actions that will make their localities more liveable and sustainable. The network will be established from members of Arrabona EGTC and applicants from the member communities.
------------------------------	--

	<p>The first step will be the preparation of a methodology for the programme, then the compilation of the GA train-the-trainers manual. It will contain the most up-to-date knowledge about sustainability and its implications in city and rural communities. To support the work of GAs, it will contain ready to use practical examples (how and what to propose for the communities and how to organise programmes and actions), templates for community gardens of different sizes (these will also be used for the “A mi kertünk” community garden call). GAs will also get training in public communication skills and practices, and the development of pedagogical skills will also be vital that they can test in the forest camp.</p> <p>The training manual will be tested with the first group of GAs: 12 persons will be selected to participate on a three-day training. Based on the experience of the training the manual will be adjusted as necessary and finalised. The final manual will be available in Hungarian and in Slovak will be published on the website of the Lead Partner for free use.</p>
<b>Location of the activity - Country:</b>	Hungary
<b>Location of the activity – NUTS III:</b>	Győr-Moson-Sopron vármegye
<b>Exact location</b>	The area of operation of the Arrabona EGTC and Bratislava Self-Governing Region, with particular reference to the member municipalities
<b>Tangible outcome:</b>	1x Prepared methodology and training material (Digital handbook) available in downloadable format 12x Trained Green Ambassadors
<b>Estimated cost (EUR):</b>	
<b>2.2.3 - Activities to activate the public #1</b>	
<b>Activity description:</b>	The project's activities are aimed at the inhabitants of the area, especially young people, and at opinion leaders (e.g. local government). There will be two types of these activities, one of these organizing Climate Expo events in 2025; 2026. On these events the expected number of the participants will be around 300 -300 people / events.
<b>Location of the activity - Country:</b>	Hungary
<b>Location of the activity – NUTS III:</b>	Győr-Moson-Sopron vármegye
<b>Exact location</b>	The area of operation of the Arrabona EGTC and Bratislava Self-Governing Region, with particular reference to the member municipalities.
<b>Tangible outcome:</b>	2 times Climate Expo organizing – 2 events- total number of 600 people
<b>Estimated cost (EUR):</b>	
<b>2.2.4 - Activities to activate the public #2</b>	

<b>Activity description:</b>	The project's activities are aimed at the inhabitants of the area, especially young people, and at opinion leaders (e.g. local government). There will be two types of these activities, one :organizing awareness-raising programmes for young peoples in small groups.
<b>Location of the activity - Country:</b>	Hungary
<b>Location of the activity – NUTS III:</b>	Győr-Moson-Sopron vármegye
<b>Exact location</b>	The area of operation of the Arrabona EGTC and Bratislava Self-Governing Region, with particular reference to the member municipalities.
<b>Tangible outcome:</b>	Awareness-raising programmes for young in small groups, 30 (20 pc of small programmes in the frame of the “Watetour” or “Biketour” + 10 pc small programmes to deliver the catalyst tools such as rainwater harvesting, composting, insect hotel, mulching, community garden) awareness-raising events. The total number of the participants during these events will be 600.
<b>Estimated cost (EUR):</b>	

## 1 AG1 – Preparatory

### 1.2.1 - Procurement: „catalyst tools”

<b>Activity description:</b>	Preparation of purchase procedures related the catalyst tools. These equipment's will be the following: rainwater harvesting, composting, insect hotel, mulching, community garden) awareness-raising events.
<b>Location of the activity - Country:</b>	
<b>Location of the activity – NUTS III:</b>	
<b>Exact location</b>	
<b>Tangible outcome:</b>	Contract with the external experts
<b>Estimated cost (EUR):</b>	

### 1.2.2 - Selection of internal experts for GA methodological coordinator and for the GA expert and practical trainer (2 person)

<b>Activity description:</b>	These two person will be responsible to prepare the main documents of the GA programme: 1. Development of a "train-the-trainers" training manuals by practical trainer
------------------------------	---

	2. GA methodological coordinator will be responsible to prepare the frame works of the GA programme
<b>Location of the activity - Country:</b>	
<b>Location of the activity – NUTS III:</b>	
<b>Exact location</b>	
<b>Tangible outcome:</b>	2 pc work contract with the relevant internal experts (with the GA methodological coordinator and the practical trainer)
<b>Estimated cost (EUR):</b>	
<b>1.2.3 - Selection of internal experts implementing awareness-raising programmes (3 person)</b>	
<b>Activity description:</b>	Their work includes the testing of a Training Manual, which aims to compile a cross border educational experiential pedagogical knowledge and toolkit, i.e. a handbook on ecosystem services
<b>Location of the activity - Country:</b>	
<b>Location of the activity – NUTS III:</b>	
<b>Exact location</b>	
<b>Tangible outcome:</b>	3 pc work contract with the relevant internal experts (implementing awareness-raising programmes)
<b>Estimated cost (EUR):</b>	
<b>1.2.4 - Selection of internal experts implementing project management and communication (1 person)</b>	
<b>Activity description:</b>	This person will be responsible for the overall implementation of the project. Tasks will be communication with project partners, national auditors, Managing Authority (MA), Joint Secretariat (JS) and support to partners.
<b>Location of the activity - Country:</b>	
<b>Location of the activity – NUTS III:</b>	
<b>Exact location</b>	

<b>Tangible outcome:</b>	1 pc work contract with the relevant internal expert (implementing project management and communication)
<b>Estimated cost (EUR):</b>	
<b>1.2.5 - Selection of internal experts implementing Cilmate Expos Co-events (1 and 3 other person)</b>	
<b>Activity description:</b>	<p>There will be one person as a Győr Climate Expo Co-event Programme Officer and three other person as the a Győr Climate Expo Co-event operational staff.</p> <p>The Programme officer will be responsible :</p> <ul style="list-style-type: none"> <li>- Planning and conceptual design of the EXPO's co-programme;</li> <li>- Coordinating the programme concept with the main organiser;</li> <li>- Preparation of the co-programme as agreed, development of the programme structure.</li> </ul> <p>The operational staff members will be responsible</p> <ul style="list-style-type: none"> <li>- Liaising with invited speakers and exhibitors</li> <li>- Organisation of workshops</li> <li>- Inviting project partners and contributors</li> <li>- Coordination of invited participants</li> <li>- Liaising with external partners</li> <li>- Setting up stands and providing staff during the event</li> </ul>
<b>Location of the activity - Country:</b>	
<b>Location of the activity – NUTS III:</b>	
<b>Exact location</b>	
<b>Tangible outcome:</b>	1 and other 3 pc work contract with the relevant internal experts (implementing Cilmate Expos Co-events)
<b>Estimated cost (EUR):</b>	

## Partner 2

<b>1 AG1 – Preparatory</b>	
<b>1.3.1 - Preparation of the compulsory promotion activity</b>	
<b>Activity description:</b>	The compulsory promotion activities will be displayed within 90 days of the signature of the Subsidy. In this activity the preparation of the purchase process will be fulfilled regarding the visibility and communication measures.
<b>Location of the activity - Country:</b>	
<b>Location of the activity – NUTS III:</b>	
<b>Exact location</b>	
<b>Tangible outcome:</b>	<ul style="list-style-type: none"> <li>1x Billboard</li> <li>1x Partner website article</li> <li>1x press release</li> <li>1x social media post</li> <li>1x Photo documentation during the implementation of the core activities</li> </ul>
<b>Estimated cost (EUR):</b>	
<b>1.3.2 - Preparation of the purchasing for stream bed rehabilitation works</b>	
<b>Activity description:</b>	The infrastructure works on the site are limited to the creation of the aquatic habitat, so the amount of the originally planned investment had to be modified due to public procurement rules. The allocated cost will be for the rehabilitation of the streambed, i.e. the extraction and removal of river sediment.
<b>Location of the activity - Country:</b>	
<b>Location of the activity – NUTS III:</b>	
<b>Exact location</b>	
<b>Tangible outcome:</b>	Contract with external expert on the field of stream bed rehabilitation works

<b>Estimated cost (EUR):</b>	
<b>1.3.3 - Preparation of the purchasing the green infrastructure planning</b>	
<b>Activity description:</b>	In the frame of this activity the following tasks will be implemented: the purchase of the green infrastructure preparatory. The purchased services will be: tree condition assessment and mapping; landscape architectural design; planning of the adult playground and sports park design.
<b>Location of the activity - Country:</b>	
<b>Location of the activity – NUTS III:</b>	
<b>Exact location</b>	
<b>Tangible outcome:</b>	Contract with external expert in the field of the planning the green infrastructure.
<b>Estimated cost (EUR):</b>	
<b>1.3.4 - Public Procurement: equipment related to core activity</b>	
<b>Activity description:</b>	The main costs of the intervention will be for the replacement of trees and the purchase of equipment for the installation of a planned adult outdoor playground/sports pavilion and public street furniture. The bids for the procurement will be compared on the basis of the landscape design plan documentation. The exact number of plants to be planted will be determined once the landscape design plan has been drawn up.
<b>Location of the activity - Country:</b>	
<b>Location of the activity – NUTS III:</b>	
<b>Exact location</b>	
<b>Tangible outcome:</b>	Public procurement documents related the purchasing equipment
<b>Estimated cost (EUR):</b>	
<b>1.3.5 - Preparation of the purchasing the woodcutting services</b>	
<b>Activity description:</b>	In the Rudolf grove, intervention is required to ensure the health of the existing trees, including the pruning and removal of trees in a state of decay and decay, and the reduction pruning and canopy management of permanent trees.

<b>Location of the activity - Country:</b>	
<b>Location of the activity – NUTS III:</b>	
<b>Exact location</b>	
<b>Tangible outcome:</b>	Contract with external expert in the field of the woodcutting service
<b>Estimated cost (EUR):</b>	

## 2 AG2 – Core

### 2.3.1 - Planning of the green infrastructure in the Rudolf Liget

<b>Activity description:</b>	The activity will cover the documentation of the landscape design plan for the creation of the Rudoélg grove, which will include proposals for the ideal location of the proposed planting, the number of plants, the list of plants to be planted, their distribution by species, and the planting locations.
<b>Location of the activity - Country:</b>	Hungary
<b>Location of the activity – NUTS III:</b>	Győr-Moson-Sopron vármegye
<b>Exact location</b>	Mosonmagyaróvár, Rudolf liget Partos utca 4. (parcel number 1979/2)
<b>Tangible outcome:</b>	Landscape architecture plan document (1 tree survey plan; list of plants to be planted)
<b>Estimated cost (EUR):</b>	

### 2.3.2 - Urban green infrastructure - Rudolf Liget

<b>Activity description:</b>	<p>The purpose of the activity is to build or upgrade pilot green infrastructure in the territory of the Danubian Plain - Malinovo, Šamorín, Dunajská Streda, Mosonmagyaróvár, Győr. These pilot infrastructure activities will be planned and implemented by the individual project partners (municipalities), and then experiences and examples of good practice will be shared with each other.</p> <p>The infrastructure works will include:</p> <ul style="list-style-type: none"> <li>-Planting of plants, installation of hides, following a landscaping plan;</li> </ul>
------------------------------	--

	-Installation of adult playground/sports park equipment, with construction of a forest gym; -Installation of street furniture; -Felling of trees identified during the survey as life-threatening using alpine techniques
<b>Location of the activity - Country:</b>	Hungary
<b>Location of the activity – NUTS III:</b>	Győr-Moson-Sopron vármegye
<b>Exact location</b>	Mosonmagyaróvár, Rudolf liget Partos utca 4. (parcel number 1979/2)
<b>Tangible outcome:</b>	1x revitalised green infrastructure ( improved ecosystem functions and revitalised green spaces - 6 hectares, natural green corridor, forest sports field)
<b>Estimated cost (EUR):</b>	179 240,76

### 2.3.3 - Stream bed rehabilitation in the Rudolf Liget

<b>Activity description:</b>	The infrastructure works on the site are limited to the creation of the aquatic habitat, so the amount of the originally planned investment had to be modified due to public procurement rules. The allocated cost will be for the rehabilitation of the streambed, i.e. the extraction and removal of river sediment (cca 1000m3).
<b>Location of the activity - Country:</b>	Hungary
<b>Location of the activity – NUTS III:</b>	Győr-Moson-Sopron vármegye
<b>Exact location</b>	Mosonmagyaróvár, Rudolf liget Partos utca 4. (parcel number 1979/2)
<b>Tangible outcome:</b>	River alluvium extracted and sorted, cca. 1000m3 forest sports field;
<b>Estimated cost (EUR):</b>	

### 2.3.4 - Woodcutting services using the alpine technique

<b>Activity description:</b>	In the Rudolf grove, intervention is required to ensure the health of the existing trees, including the pruning and removal of trees in a state of decay and decay, and the reduction pruning and canopy management of permanent trees. Due to the characteristics of the terrain, tree felling will be carried out using the alpine technique. The trees to be felled will be replaced as planned during the intervention.
<b>Location of the activity - Country:</b>	Hungary

<b>Location of the activity – NUTS III:</b>	Győr-Moson-Sopron vármegye
<b>Exact location</b>	Mosonmagyaróvár, Rudolf liget Partos utca 4. (parcel number 1979/2)
<b>Tangible outcome:</b>	Improved and revitalised green spaces on 6 hectares with the felling of 20 diseased trees, lightening the crowns of 26 trees, severe crown pruning of 38 grey poplar ( <i>Populus × canescens</i> ) trees, nursery pruning of 38 trees.
<b>Estimated cost (EUR):</b>	

#### 2.3.5 - Equipment purchasing related to core activities

<b>Activity description:</b>	The main costs of the intervention will be for the replacement of trees and the purchase of equipment for the installation of a planned adult outdoor playground/sports pavilion and public street furniture. The bids for the procurement will be compared on the basis of the landscape design plan documentation. The exact number of plants to be planted will be determined once the landscape design plan has been drawn up.
<b>Location of the activity - Country:</b>	Hungary
<b>Location of the activity – NUTS III:</b>	Győr-Moson-Sopron vármegye
<b>Exact location</b>	Mosonmagyaróvár, Rudolf liget Partos utca 4. (plot number 1979/2)
<b>Tangible outcome:</b>	Improved and revitalised green spaces on 6 hectares with the purchase and installation of street furniture as follows: 5 tables, 10 benches, 5 litter bins. Purchase and installation of 4 pieces of "adult playground equipment"
<b>Estimated cost (EUR):</b>	

#### 2.3.6 - Service Readiness of the using the new green infrastructure (Rudolf Liget)

<b>Activity description:</b>	This activity will showcase the implementation and the further use of the revitalized, and new green infrastructure. After the investment, it is envisaged that the general maintenance of the area will be carried out by the local municipal operator, while active community initiatives will be created in the area through cooperation with local NGOs.
<b>Location of the activity - Country:</b>	Hungary
<b>Location of the activity – NUTS III:</b>	Győr-Moson-Sopron vármegye
<b>Exact location</b>	Mosonmagyaróvár, Rudolf liget Partos utca 4. (plot number 1979/2)
<b>Tangible outcome:</b>	Area maintenance agreement with the VÜF Zrt. Equipment installation and functionality report

<b>Estimated cost (EUR):</b>	
------------------------------	--

### 3 AG3 – Promotional

#### 3.3.1 - Compulsory promotion activity- during preparatory activities at MV

<b>Activity description:</b>	The mandatory visibility and communication measures and activities will carry out as described in the Project Promotion Guidelines: a billboardposter will be used at the place of the infrastructure placeheadquarters and events and a mark placed on equipments = outdoor furniture purchased from the project budget. A press release will be issued at the start of the project, an article will be pulished at the website of the partner and social media post/s will be posted. The Partner will regularly collect photo documentation and will organise a handover ceremony for the project part.
<b>Location of the activity - Country:</b>	Hungary
<b>Location of the activity – NUTS III:</b>	Győr-Moson-Sopron vármegye
<b>Exact location</b>	Mosonmagyaróvár, Rudolf liget Partos utca 4. (parcel number 1979/2)
<b>Tangible outcome:</b>	1x Billboard 1x Partner website article 1 x press release 1x social media post 1x Photo documentation during the implementation of the core activities
<b>Estimated cost (EUR):</b>	606,00

#### 3.3.2 - Compulsory promotion activity -during and after the implementation of the core activities

<b>Activity description:</b>	MVÖ will carry out compulsory promotion activity – during and after the implementation of the core activities as described in the Project Promotion Guidelines: These elements will be the followings: marks, press releases, social media posts, photo documentations, plaque. MVÖ will regularly collect photo documentation and will organise a handover ceremony for the project part with the mandatory information and visual elements
<b>Location of the activity - Country:</b>	Hungary
<b>Location of the activity – NUTS III:</b>	Győr-Moson-Sopron vármegye

<b>Exact location</b>	Mosonmagyaróvár, Rudolf liget Partos utca 4. (parcel number 1979/2)
<b>Tangible outcome:</b>	Marks on the purchased items / outdoor furniture 1x press release 1x social media post 1x photo documentation 1 pc of plaque 1x handover ceremony of the green infrastructure
<b>Estimated cost (EUR):</b>	1 394,00
<b>3.3.3 - Other possible promotion activities during the implementation of the core activities</b>	
<b>Activity description:</b>	MVÖ will carry out accurate photo documentation during the core activities, to use social media posts about the implementation of the projects, and article on the website
<b>Location of the activity - Country:</b>	Hungary
<b>Location of the activity – NUTS III:</b>	Győr-Moson-Sopron vármegye
<b>Exact location</b>	Mosonmagyaróvár, Rudolf liget Partos utca 4. (parcel number 1979/2)
<b>Tangible outcome:</b>	social media posts about the implementation of the projects, and article on the website
<b>Estimated cost (EUR):</b>	

## Partner 3

### 1 AG1 – Preparatory

#### 1.4.1 - Public Procurement of constructions work

<b>Activity description:</b>	Public procurement of construction work – Building a green roof in Šamorín. The public procurement procedure is conducted by an authorized public procurement expert.
<b>Location of the activity - Country:</b>	
<b>Location of the activity – NUTS III:</b>	
<b>Exact location</b>	
<b>Tangible outcome:</b>	1 x construction contract
<b>Estimated cost (EUR):</b>	

### 2 AG2 – Core

#### 2.4.1 - Urban green infrastructure - Green roof on the building of the Elementary School of Arts

<b>Activity description:</b>	Building a green roof on a public building on the building of the Elementary School of Arts. - removal of the old lightning rod, waterproofing and old layers of the roof up to the level of the ceiling slab - construction of new roof openings in accordance with the project documentation (including thermal insulation and waterproofing) - creation of a vegetation layer
<b>Location of the activity - Country:</b>	Slovakia
<b>Location of the activity – NUTS III:</b>	Trnavský samosprávny kraj
<b>Exact location</b>	Šamorín, Parková ulica 49, parcel number: 2840/5, 2840/8, 2840/9

<b>Tangible outcome:</b>	1 169 m2 green roof on the public building
<b>Estimated cost (EUR):</b>	182 364,00
<b>2.4.2 - Service Launch Readiness</b>	
<b>Activity description:</b>	<p>Occupancy Permit and Compliance Approvals</p> <ol style="list-style-type: none"> <li>1. Task: Secure the final occupancy permit.</li> <li>2. Task: Ensure compliance with all relevant regulations (safety, health, accessibility).</li> </ol> <p>Operational and Organizational Rules</p> <ol style="list-style-type: none"> <li>3. <b>Estimated cost (EUR):</b>	

## Partner 4

<b>1 AG1 – Preparatory</b>	
<b>1.5.1 - Public procurement of external services</b>	
<b>Activity description:</b>	Specialist in public procurement, consultation, preparation of technical documentation.
<b>Location of the activity - Country:</b>	
<b>Location of the activity – NUTS III:</b>	
<b>Exact location</b>	
<b>Tangible outcome:</b>	1 x announced public procurement
<b>Estimated cost (EUR):</b>	
<b>1.5.2 - Public procurement - technical documentation</b>	
<b>Activity description:</b>	Detailed technical documentation, budget control. Preparation/update of detailed technical documentation.
<b>Location of the activity - Country:</b>	
<b>Location of the activity – NUTS III:</b>	
<b>Exact location</b>	
<b>Tangible outcome:</b>	1x finalized/modified project documentation
<b>Estimated cost (EUR):</b>	
<b>1.5.3 - Public procurement: Construction company</b>	

<b>Activity description:</b>	Public procurement: Construction company - preparation of documents for announcing public procurement.
<b>Location of the activity - Country:</b>	
<b>Location of the activity – NUTS III:</b>	
<b>Exact location</b>	
<b>Tangible outcome:</b>	1 x of contract signed with the successful bidder for the construction supplier
<b>Estimated cost (EUR):</b>	

#### 1.5.4 - Preparation of marketing strategy

<b>Activity description:</b>	Preparation of marketing strategy to ensure project publicity
<b>Location of the activity - Country:</b>	
<b>Location of the activity – NUTS III:</b>	
<b>Exact location</b>	
<b>Tangible outcome:</b>	1 x marketing strategy
<b>Estimated cost (EUR):</b>	

### 3 AG3 – Promotional

#### 3.5.1 - Mandatory promotion and visibility activities at the beginning of the implementation.

<b>Activity description:</b>	Promotional activities at the beginning of the project implementation: At the outset of the project, we will issue a press release, publish an article on the city's website, and share social media posts. Additionally, we will place an informational sign at the construction site.
<b>Location of the activity - Country:</b>	Slovakia

<b>Location of the activity – NUTS III:</b>	Trnavský samosprávny kraj
<b>Exact location</b>	Dunajská Streda
<b>Tangible outcome:</b>	1x website article 1x billboard 1x press release 1x social media post
<b>Estimated cost (EUR):</b>	150,00

### 3.5.2 - Mandatory promotion and visibility activities during and at the of the final phase of implementation

<b>Activity description:</b>	We will publish articles about the commencement of construction on the city's website and community platforms. The results of the project will be shared in the final phase on the city's website and community platforms, along with photo documentation. The successful completion of the project will be concluded with an official handover ceremony.
<b>Location of the activity - Country:</b>	Slovakia
<b>Location of the activity – NUTS III:</b>	Trnavský samosprávny kraj
<b>Exact location</b>	Ármina Vámbéryho Square, Dunajská Streda, 929 01
<b>Tangible outcome:</b>	1 x handover ceremony 1x plaque 1 x press release 1 x social media post at least 10 high quality professional photographs
<b>Estimated cost (EUR):</b>	

## 2 AG2 – Core

### 2.5.1 - Urban green infrastructure - Ármin Vámbéry square

<b>Activity description:</b>	The Municipality is planning the following renovation works according to the technical design documentation: <ul style="list-style-type: none"> <li>• Total area addressed (square / parking lot): 3836 m<sup>2</sup> / 1342 m<sup>2</sup></li> </ul>
------------------------------	---

	<ul style="list-style-type: none"> <li>• Total green area (current / proposed): 82 m<sup>2</sup> / 497 m<sup>2</sup></li> <li>• Number of parking spaces (current / proposed): 49 pcs / 49 pcs</li> <li>• Tree removal / number of newly planted trees: 0 pcs / 20 pcs</li> </ul> <p>Part of the flower beds will include the creation of a green wall in the form of a wooden pergola, where evergreen climbing plants can be planted to form the so-called "green wall." The total area of the pergola is 20 m<sup>2</sup>, supported by two sets of 4 wooden posts anchored to the reinforced concrete wall of the flower beds.</p> <p>At the location of the existing non-functional circular fountain, including its outdated technology, it is proposed to place a stone statue of the Virgin Mary on a circular reinforced concrete pedestal, which will then be clad with stone facing. The structure of the original fountain will be demolished.</p> <p>Consideration is also being given to lighting the proposed statue with a modern floor-mounted lighting fixture and an electrical connection.</p> <p>Since the entire square follows the concept of organic circular shapes, it is proposed to replace the square edging made of palisades around the two trees with a round shape using alloyed circular edging.</p> <p>Given that the increase in greenery on the square is being proposed, a drinking fountain for visitors and passersby is also planned as a refreshing feature during the summer heat.</p> <p>A watering system is also planned to be installed in the flower beds. The water source will be a new drilled well with a shaft, where the technical equipment for the watering system, including a water tank with a pressure switch, will be placed.</p> <p>In areas where flower beds cannot be implemented (mainly around parking spaces), the installation of aluminum planting containers (900x900 mm, 900 mm in height) is proposed, with a total of 19 units, where tree plantings will be combined with flowerbeds.</p>
<b>Location of the activity - Country:</b>	Slovakia
<b>Location of the activity – NUTS III:</b>	Trnavský samosprávny kraj
<b>Exact location</b>	Ármina Vámbéryho Square, 929 01, Parcel number: 2, 12/1, 42/1, 43, 44/13, 44/68,
<b>Tangible outcome:</b>	<ul style="list-style-type: none"> <li>- Total area addressed (square / parking lot): 3836 m<sup>2</sup> / 1342 m<sup>2</sup></li> <li>- Total green area (current / proposed): 82 m<sup>2</sup> / 497 m<sup>2</sup></li> <li>- Number of parking spaces (current / proposed): 49 pcs / 49 pcs</li> <li>- Tree removal / number of newly planted trees: 0 pcs / 20 pcs</li> </ul>
<b>Estimated cost (EUR):</b>	181 000,00
<b>2.5.2 - Service readiness</b>	
<b>Activity description:</b>	<p>Occupancy Permit and Compliance Approvals</p> <ol style="list-style-type: none"> <li>1. Task: Secure the final occupancy permit.</li> <li>2. Task: Ensure compliance with all relevant regulations (safety, health, accessibility).</li> </ol>

	<p>Marketing and Community Engagement</p> <p>3. Task: Develop and implement a marketing plan to promote the new service</p> <p>4. Task: Organize a community engagement event or open house.</p> <p>Financial and - Administrative Preparation</p> <p>5.Task: Set up financial management systems (accounting, budgeting).</p> <p>6. Task: Prepare administrative support systems (HR, customer service).</p> <p>Final Testing and Dry Run</p> <p>7. Task: Conduct a full dry run of the service operations (min. 2 weeks)</p> <p>8. Task: Address any issues identified during the dry run.</p>
<b>Location of the activity - Country:</b>	Slovakia
<b>Location of the activity – NUTS III:</b>	Trnavský samosprávny kraj
<b>Exact location</b>	Ármina Vámbéryho Square, 929 01, Parcel number: 2, 12/1, 42/1, 43, 44/13, 44/68,
<b>Tangible outcome:</b>	<p>1.Occupancy permit from local authorities</p> <p>2.Compliance certificates and inspection reports</p> <p>3.Equipment installation and functionality report</p> <p>4.Marketing materials (flyers, social media posts, press releases)</p> <p>5.Event plan and participation records</p> <p>6.Financial systems setup and initial budget report</p> <p>7.Administrative systems and process documentation</p> <p>8.Dry run report and identified areas for improvement</p> <p>9.Post-dry run improvements and final readiness confirmation</p>
<b>Estimated cost (EUR):</b>	

## Partner 5

<b>1 AG1 – Preparatory</b>	
<b>1.6.1 - Building permit/certificate</b>	
<b>Activity description:</b>	Start of the renovation works on Simor János bishop's square require the certificate/permit from the Authority for Heritage Protection.
<b>Location of the activity - Country:</b>	
<b>Location of the activity – NUTS III:</b>	
<b>Exact location</b>	
<b>Tangible outcome:</b>	1x Building permit/certificate
<b>Estimated cost (EUR):</b>	
<b>1.6.2 - Preparation of detailed technical documentation</b>	
<b>Activity description:</b>	Detailed technical documentation with the subject preservation, restoration and renovation of Simor János bishop's square need to be finished. The Municipality of Győr has already signed a contract with the architect's office to prepare the documentation.
<b>Location of the activity - Country:</b>	
<b>Location of the activity – NUTS III:</b>	
<b>Exact location</b>	
<b>Tangible outcome:</b>	1x Preparation of detailed technical documentation
<b>Estimated cost (EUR):</b>	
<b>1.6.3 - Procurement of external services: Technical supervision</b>	

<b>Activity description:</b>	Technical supervision will be procured in a tender with the direct inquiry/invitation of 3 companies.
<b>Location of the activity - Country:</b>	
<b>Location of the activity – NUTS III:</b>	
<b>Exact location</b>	
<b>Tangible outcome:</b>	1x contract of technical supervision
<b>Estimated cost (EUR):</b>	
<b>1.6.4 - Public procurement: Construction company</b>	
<b>Activity description:</b>	Company for the construction/restoration/renovation works will be chosen in public procurement tender in accordance with the current regulations, legislation of the Hungarian Public Procurement Law.
<b>Location of the activity - Country:</b>	
<b>Location of the activity – NUTS III:</b>	
<b>Exact location</b>	
<b>Tangible outcome:</b>	1x contract with construction company

## 8. Partner without budget

ID	Official name in original language	Country	NUTS III	Settlement	Activity
1	Obec Malinovo	Slovakia	Bratislavský samosprávny kraj	Malinovo	<p>Malinovo is a 1/3 owner of the park, what makes the municipality a natural project partner. The municipality fully supports the revitalisation of the park to renew its social and community function. To enhance the community building and support local heritage Malinovo will participate in the organization of events in park and courtyard of the manor house. Events that are regularly organised by the municipality, such as Wine festival, Christmas markets, sport events etc., will be moved to the revitalised area of the park and manor house, providing authentic and representative space for community events. Some events will be moved to the park and manor house already during the project implementation with a goal of recognizing park as a community space for the future. To strengthen local community awareness it is important that organised events will give space to local producers and SMEs for presentation of their traditions, crafts, local products from the region and cross-border area.</p>

- Regulation (EU) 2021/1059 of the European Parliament and of the Council of 24 June 2021 on specific provisions for the European territorial cooperation goal (Interreg) supported by the European Regional Development Fund and external financing instruments (hereinafter referred to as the Interreg Regulation);
- Regulation (EU, Euratom) 2018/1046 of the European Parliament and of the Council of 18 July 2018 on the financial rules applicable to the general budget of the Union, amending Regulations (EU) No 1296/2013, (EU) No 1301/2013, (EU) No 1303/2013, (EU) No 1304/2013, (EU) No 1309/2013, (EU) No 1316/2013, (EU) No 223/2014, (EU) No 283/2014, and Decision No 541/2014/EU and repealing Regulation (EU, Euratom) No 966/2012;
- the Interreg VI-A Hungary-Slovakia Programme], approved by the European Commission on 3 November 2022 by Decision Ref No C(2022) 8025 (CCI 2021TC16RFCB014) (hereinafter referred to as the Programme);
- the Guidelines for Applicants of the first Call for Proposals (HUSK/2302) of the Interreg VI-A Hungary-Slovakia Programme, approved by Decision No III/3 of the Monitoring Committee on 14/04/2023, laying down the programme specific rules for the implementation of Hungarian-Slovak projects (hereinafter referred to as the Guidelines for Applicants);
- the Project Implementation Manual for the Interreg VI-A Hungary-Slovakia Programme laying down specific rules for the implementation of projects financed under the Programme (hereinafter referred to as the Project Implementation Manual);
- Communication and Visibility Guide for Projects co-financed by the Interreg VI-A Hungary-Slovakia Programme , laying down the programme specific rules on information and publicity measures of the projects (hereinafter referred to as the Communication and Visibility Guide);
- Project GREEN CITIES as drafted in the application and approved by the Monitoring Committee of the Programme;
- Subsidy Contract concluded for the implementation of the Project between the Lead Partner and the Managing Authority;
- National rules to be applied by the Lead Partner and its Partners;
- Implementing acts and delegated acts adopted in accordance with the aforementioned legislation and the aforementioned documents as corrected or amended.

## Article 1 Definitions

1. **Lead Partner:** The Lead Partner is designated by the Partners and has full financial and administrative responsibility for the EU contribution for the entire duration of the Subsidy Contract stipulated with the Managing Authority for the implementation of the Project. The Lead

Partner has functional (co-ordination of the project activities) and financial responsibilities related to the EU contribution, i.e. it has to guarantee the sound financial management of the EU funds allocated to the Project. The Lead Partner is also responsible for the proper reporting of progress during project implementation to the Joint Secretariat.

2. **Partner:** An organisation that commits itself to functionally and/or financially implement a project part of the Project as referred to in Article 23 (1)-(4) of Regulation (EU) 2021/1059 and according to the application as approved by the Monitoring Committee. From the point of view of implementing its own activities, also the Lead Partner is a Partner.
3. **Partner not receiving financial support:** There can be partner organisations which do not receive EU contribution for their activities performed in the framework of the Project. Thus, in their case the defined budget is zero.
4. **Project part:** A set of activities within the Project as a whole, undertaken by the Lead Partner or another Partner in a defined timeframe and with a defined budget, presented in the application and approved by the Monitoring Committee. In case when a Partner does not receive financial support, the defined budget is zero.
5. **Managing Authority:** the Hungarian Ministry of Foreign Affairs and Trade, signing the Subsidy Contract with the Lead Partner.
6. **Joint Secretariat:** set up within Széchenyi Programme Office Nonprofit Ltd, a joint organisation of the Partner Countries participating in the Programme, in charge of the direct monitoring of project implementation.

## **Article 2**

### **Scope of the Partnership Agreement**

1. The Parties, through the present Partnership Agreement, lay down the rules of procedures for the activities to be carried out and the relations that shall govern the partnership set up in order to successfully and efficiently implement the above-mentioned cross-border Project. This Agreement shall also define their mutual responsibilities concerning the administrative and financial management of the Project.
2. The application as approved by the Monitoring Committee and the signed Subsidy Contract (with all its provisions) are to be regarded as integral parts of this Agreement, therefore their content and the obligations set by the above-mentioned documents have to be fully respected by the Parties.
3. The Parties are aware of the legal framework and the other relevant norms affecting the project. In case the Subsidy Contract is amended, it may affect the Partnership Agreement, it shall be adjusted accordingly.

## **Article 3**

### **Duration of the Agreement**

1. The Partnership Agreement is valid from the date of signature by all Parties and enters into force from the day the Subsidy Contract between the Managing Authority and the Lead Partner enters into force. It shall remain in force until the Lead Partner has discharged in full its obligations arising

from the Subsidy Contract towards the Managing Authority, including the period of availability of documents for financial controls.

2. This Agreement shall also remain in force if there is any non-resolved dispute among the Parties at an out-of-court arbitration body.
3. The breach of the obligations of the Partnership Agreement by the Lead Partner or one of the Partners may lead to an early termination of its participation in the Project. This termination has to be decided by consensus by all the other Partners in a documented manner, provided that the eligibility rules are kept with the remaining or newly entered Partners, and that the consequently initiated amendment of the Subsidy Contract is successful at the Managing Authority. However, the Partner leaving the partnership will be obliged by the present Agreement for its whole duration with regard to the activities carried out and expenditure incurred until that moment. In case the Subsidy Contract terminates, the present Partnership Agreement is terminated as well.

#### **Article 4**

##### **Activities of the Partners in the Project**

1. The activities of the Partners as well as the role of the Lead Partner and of each Partner are described in the application approved by the Monitoring Committee.
2. The Partners take into account all rules and obligations as set out in the Subsidy Contract and its Annexes.
3. The Partners commit themselves to undertake everything in their power to foster the successful and efficient implementation of the Project.

#### **Article 5**

##### **Specific obligations of the Lead Partner**

1. The Lead Partner is responsible for the overall co-ordination and effective implementation of the Project and shall take all the steps needed to correctly manage the Project in accordance with the application approved by the Monitoring Committee and in line with the Subsidy Contract and the Partnership Agreement.
2. In addition as a general obligation the Lead Partner shall:
  - a) represent the Partners towards the Managing Authority / Joint Secretariat / other programme management bodies;
  - b) sign the Subsidy Contract (and its possible amendments), inform all Partners on the signature of the Subsidy Contract and provide all Partners with a copy thereof;
  - c) appoint a project manager who has the operational responsibility for the co-ordination and documentation of the overall Project;
  - d) react promptly to any request made by the Managing Authority and the Joint Secretariat;
  - e) keep the Partners informed on a regular basis about all relevant communication between the Lead Partner and the Joint Secretariat, furthermore between the Lead Partner and the Managing Authority;

- f) inform all Partners on the progress of the overall Project, in particular with reference to its objectives and results as set in the Subsidy Contract or any later amendments;
- g) without any delay inform the Partners about all essential issues connected to project implementation (e.g. about any variation of the conditions at the basis of the present Agreement or about any modification that could influence the performance of the Project, the information activity or the payment of financing);
- h) notify the Partners and the Joint Secretariat / Managing Authority immediately of any event that could lead to a temporary or final discontinuation of the Project or any other deviation of the implementation of the Project;
- i) guarantee the sound financial management of the funds allocated for the implementation of the Project, including the separate set-up of the project accounting and the supporting documents storage system at Lead Partner and at the Partners as well, and including the arrangements for recovering amounts unduly paid;
- j) ensure that the expenditure presented by all Partners receiving financial support has been paid in implementing the Project and that it corresponds to the activities agreed between the Partners and indicated in the approved application;
- k) prepare and submit the Application for Reimbursement together with the Project Reports, the Final Project Report and the Project Follow-up Reports (if relevant) to the Joint Secretariat, keeping the deadlines indicated in the Subsidy Contract;
- l) receive, on behalf of all Partners receiving financial support the payments of the EU contribution from the Certifying Authority;
- m) transfer the EU contribution to the Partners receiving financial support, according to the Application for Reimbursement approved by the Joint Secretariat, **within 30 calendar days** and in full – no amount shall be deducted or withheld and no specific charge or other charge with equivalent effect shall be levied that would reduce that amount for the other Partners;
- n) ensure that all Partners are involved in the decision making regarding to the Project, and especially agree with the Partners before submitting any request for reallocation between budget lines and for an amendment of the Subsidy Contract to the Joint Secretariat / Managing Authority.
- o) support the Partners in implementing their obligations by giving them the correct information, indications and clarifications on the procedures;
- p) make sure that all Partners comply with EU and national legislation including rules on public procurement, State aid, publicity, furthermore rules on environmental protection and equal opportunities;
- q) report in accordance with the existing legislation and national / regional guidelines if the project activities contain elements of State aid;
- r) implement its individual part of the Project accordingly;
- s) enable the responsible bodies to carry out their audit and monitoring / evaluation / activities;
- t) guarantee the systematic collection and the safe storage of all the documentation regarding project expenditure and activities at the Lead Partner and at Partners;
- u) keep a copy of all project documents prepared by the Partners or other organisations;
- v) carry out project level accounting;
- w) ensure that no double funding or double reporting of expenditure takes place;

- x) review the appropriate spending of the EU contribution by the Partners receiving financial support, the condition of the Partners' project part and the preparation of the required documents and records for project closure.

## **Article 6**

### **Obligations of the Partners**

#### **1. In particular, each Partner shall**

- a) support the Lead Partner in fulfilling its tasks as stipulated in the Subsidy Contract and its Annexes;
- b) without any delay provide the Lead Partner with any information needed to draw up the Project Reports, the Final Project Report and the Project Follow-up Reports (if relevant), react on any request by the Managing Authority or the Joint Secretariat, or provide any further information needed by the Lead Partner;
- c) assure the smooth implementation of the part of the Project they are responsible for in accordance with the Subsidy Contract and its Annexes;
- d) to finance the own contribution of their respective project part;
- e) inform the Lead Partner immediately about any circumstances that could lead to a temporary or final discontinuation of the project part or any other deviation of the implementation of the project part, including any variations to its part of project budget or work plan;
- f) appoint a contact person for the implementation of the part of the Project under their responsibility;
- g) contribute to overall project aims according to their part undertaken with due care and motivation, completing their activities foreseen for each reporting period of the project implementation;
- h) maintain either a separate accounting system or an adequate accounting code for all transactions related to the project part;
- i) inform the Lead Partner on the details of the bank account to which the EU contribution of the Partner receiving financial support shall be transferred, furthermore the Lead Partner must be informed about any changes concerning the bank account;
- j) co-operate with the Lead Partner for the effective implementation of the Project, actively take part in decision-making during the Project;
- k) to manage the procurement of services, supplies / goods / equipment and works in accordance with national public procurement rules in force, depending on the seat and operational area of the given organisation;
- l) to meet the reporting requirements using the INTERREG+ electronic monitoring system of the Programme and to ensure any other documentation as well as IT security and data protection related obligations;
- m) have its expenditures incurred and paid (with the exemption of simplified costs) in the given reporting period and have them verified – if relevant – by the identified controller. The reimbursement of expenditure of the Partners receiving financial support not covered by Declarations on Verification of Expenditure in the given reporting period can be requested until the second reporting deadline following the reporting period concerned, except for

preparation costs reimbursed on a real cost basis<sup>1</sup> – as a general rule these can be verified and requested only in the first reporting period;

- n) comply with EU- and national rules, including rules on eligibility of costs, public procurement, State aid, publicity, further rules on environmental protection and equal opportunities as contained in the Project Implementation Manual, Eligibility of expenditures, Communication and Visibility Guide;
- o) report in accordance with the existing legislation and national/regional guidelines if the Project activities contain elements of State aid;
- p) guarantee the systematic and safe collection of all the documentation regarding its part of project expenditure and its transmission to the Lead Partner, as well as to guarantee the access to documents and to the project results to all the representatives of the institutions in charge of verifications and to the bodies authorised to monitor or audit the Project;
- q) not subcontract 100% of the activities from their part of the Project;
- r) be responsible for the sound financial management of the funding allocated to its project part, including the arrangements for recovering amounts unduly paid (EU contribution, state contribution, if relevant, and other public contribution).

#### **Article 7**

##### **Responsibilities of the Lead Partner and of the Partners**

1. The Lead Partner solely assumes responsibility for the entire Project towards the Managing Authority as defined in the Subsidy Contract.
2. The Lead Partner is the intermediary for all communications between the Partners and the Joint Secretariat and the Managing Authority; where information from the Partners is required, the Lead Partner shall be responsible for obtaining, verifying and consolidating this information before passing it on to the Managing Authority; any information provided, as well as any request communicated by the Lead Partner to the Managing Authority shall be deemed to have been forwarded in agreement with all Partners.
3. Each Partner is directly and exclusively responsible to the Lead Partner for the due implementation of its respective project part and for the proper fulfilment of its obligations as set out in the Partnership Agreement and in the application. Should a Partner not fulfil its obligations under this Agreement in due time, the Lead Partner shall admonish the Partner to fulfil them within a reasonable period of time. The Partners undertake to find a rapid and efficient solution. Should the non-fulfilment continue, the Lead Partner may decide to debar the Partner concerned from the Project with approval of the other Partners. The Joint Secretariat and the Managing Authority shall be promptly informed of such an intended decision by the Lead Partner, and the change in the partnership has to be approved according to the provisions set out in the Project Implementation Manual.
4. The Lead Partner and each Partner receiving financial support shall take the financial responsibility for the EU contribution and, if relevant, the related state contribution it has received for its project part.

---

<sup>1</sup> Preparation costs which are reimbursed as simplified costs are automatically verified as part of the first Project Report and Application for Reimbursement and do not have to be reported in any of the reporting periods.

5. In case of irregularities the Lead Partner bears the overall responsibility towards the Managing Authority for the repayment of the EU contribution amounts unduly paid, also with interest charged on late payment, if relevant. By way of the derogation from this principle, if the irregularity is committed by a Partner receiving financial support, the concerned organisation shall repay to the Lead Partner the amounts unduly paid. When amounts unduly paid to a Partner cannot be recovered due to negligence of the Lead Partner, the Lead Partner shall remain responsible for the repayment.

## **Article 8**

### **Reporting obligations of the Partners**

1. The Lead Partner can only submit an Application for Reimbursement to the Joint Secretariat by providing proof of progress of the Project. Therefore, in order to provide adequate information on the progress of the Project, each Partner receiving financial support has to submit a Project Partner Report in INTERREG+ system, consisting of an activity part describing the activities carried out with their outputs and results during the reporting period, and of a financial part presenting the financial progress of the project part compared to the finalised Project Form. Partners not receiving financial support shall submit their project partner reports to the related Control Body on their activities in the given reporting period.
2. The Partners have to respect the reporting deadlines of the Subsidy Contract and have to submit their Project Partner Report in due time through the INTERREG+ system. Project Partner Reports and Declarations on Verification of Expenditure not available to the Lead Partner in the system within the set deadline will not be included in the Project Report (or any other report) and Application for Reimbursement of the Lead Partner, to be submitted to the Joint Secretariat.
3. The Project Partner Reports should be drawn up in Euro. Partners from Partner Countries which have not adopted the Euro as their currency shall convert into Euro the amounts of expenditure incurred in national currency before submission for verification to the responsible controller. The expenditures shall be converted as described in the Subsidy Contract. The exchange rate risk is borne by the Partner concerned.

## **Article 9**

### **Audits**

1. For audit purposes each Partner shall
  - a) retain all files, documents, receipts and data about the Project at least within the timeframe stipulated in Article 82(1) of the CPR and further detailed in the Project Implementation Manual, either in original or in copies on commonly used data media safely and orderly;
  - b) enable the Managing Authority, Joint Secretariat, Certifying Authority, Audit Authority, the responsible auditing bodies of the European Union and the auditing bodies of the Partner Country it is based in to audit the proper use of funds;
  - c) provide these authorities with any information about the Project they request;
  - d) provide them access to the databases, the accounting books and accounting documents and other documentation related to the Project, whereby the auditing bodies decide on this relation, within the timeframe stipulated in Article 82(1) of the CPR and further detailed in the Project Implementation Manual;

- e) provide them access to the place where the Project has been implemented and their business premises during the ordinary business hours and also beyond these hours by arrangement, and allow them to carry out on-the-spot-checks related to the Project within the timeframe stipulated in Article 82(1) of the CPR and further detailed in the Project Implementation Manual;
- f) without any delay provide the Lead Partner with any information needed in connection to such an audit;
- g) observe the recommendations received after an audit.

## **Article 10**

### **Information and publicity**

1. Any publicity measure undertaken by any of the Partner shall be conducted in accordance with the rules on information and publicity laid down in the Communication and Visibility Guide for the Projects (brand book) in the Interreg VI-A Hungary-Slovakia Programme
2. Information and publicity measures shall be co-ordinated among the Partners. Each Partner is equally responsible for promoting the fact that co-financing for the Project is provided from EU contribution within the framework of the Interreg VI-A Hungary-Slovakia Programme and is responsible for ensuring the adequate promotion of the Project.
3. The Partners take note of the fact that the results of the Project as well as any study or analysis produced in the course of the Project can be made available to the public and they agree that the results of the Project shall be available for all Partners and for the public free of charge.
4. The Partners agree that the Lead Partner may provide the Joint Secretariat / Managing Authority or other programme management bodies to publish, in whatever form, unrestricted as far as data protection is concerned, and on or by whatever medium, with the following information:
  - title and acronym of the Project;
  - the name of the Lead Partner and of the Partners;
  - the total cost of the Project, the amount of subsidy and the EU co-financing rate;
  - the name of the fund, the specific objective concerned and the type of intervention;
  - the purpose of the EU contribution (i.e. the overall objective of the Project) and the expected or actual achievements;
  - start date and (expected or actual) date of completion;
  - the geographical location of the Project and/or the location of the Lead Partner and the Partners;
  - project results, evaluations and summaries;
  - any other information about the Project, if considered relevant, and all publicity material of the Project such as photographic and video content, news announcements etc.

**Article 11**  
**Ownership, use of results**

1. The Parties undertake to enforce the applicable law on intellectual property rights, regarding any outcome that might be produced during the implementation of the Project.
2. Ownership of the results of the Project, including industrial and intellectual property rights, and of the reports and other documents relating to it, shall be vested in the Lead Partner and the Partners.
3. Without prejudice to the previous paragraph, the Partners grant the Joint Secretariat and the Managing Authority the right to make free use of the results of the Project, provided it does not thereby breach its confidentiality obligations or existing industrial and intellectual property rights. The Partners shall find individual arrangements in those cases where intellectual property rights (such as for data acquired for the Project which do not belong to public domain) already exist.
4. The Partners agree that owners of the investments are the following:
  - **Bratislavský samosprávny kraj is the 2/3 owner of revitalised historical park in Malinovo, while 1/3 is owned by the municipality Malinovo (contract of lease);**
  - **Mosonmagyaróvár Város Önkormányzata is the owner of revitalised green infrastructure in Rudolf Liget**
  - **Mesto Šamorín is the owner of the constructed green roof at the Primary Art School in Šamorín**
  - **Mesto Dunajská Streda is the owner of newly built green infrastructure in the city of Dunajská Streda (flowerbeds with an organic shape)**
  - **Győr Megyei Jogú Város Önkormányzata is the owner of renovated Simor J. bishop's square**
5. The Project Partners agree that owners of the Project outputs/deliverables are the following:
  - **Bratislavský samosprávny kraj is the owner of one revitalised green infrastructure (revitalised historical park in Malinovo) and Conference on different approaches to the revitalization of green areas in the Danube Region**
  - **Arrabona Korlátolt Felelősségű Európai Területi Együttműködési Csoportosulás is the owner of Green Ambassadors Programme (1x Prepared methodology and training material (Digital handbook) available in downloadable format, 12 people Trained Green Ambassadors) and Activities to activate the public (2x organisation of Climate Expo)**
  - **Mosonmagyaróvár Város Önkormányzata is the owner of one revitalised green infrastructure (revitalised green infrastructure in Rudolf Liget)**
  - **Mesto Šamorín is the owner of one revitalised green infrastructure (constructed green roof at the Primary Art School in Šamorín)**
  - **Mesto Dunajská Streda is the owner of one revitalised green infrastructure in (newly built green infrastructure (renovated Ármin Vámbery square)**
  - **Győr Megyei Jogú Város Önkormányzata is the owner of one revitalised green infrastructure (renovated Simor J. bishop's square)**
6. The Lead Partner and the Partners commit themselves to establish and maintain an inventory of all fixed assets acquired, built or improved within the Project.

7. As to the sustainability of project results after the end of the implementation period, further as to the steps to be taken after project closure, the Partners agree on the following activities and designate the following rights and duties within the project partnership:

a) Bratislavský samosprávny kraj – Sustainability of the project result will be ensured as follows - After the revitalisation of park, BSK as a major owner, will be responsible for the maintenance and facility of the park. BSK has all necessary resources to maintain and manage revitalised park including financial, personal and expert ones. BSK is owner of several historical parks and buildings, so it has experience in maintenance of historical objects. Within the organisational structure of BSK, the Department of Property Management is responsible for the management and maintenance of buildings and property under the administration of BSK. This department composed of professional staff will be responsible for maintenance and regular care of the park.

Revitalised park will be publicly accessible to residents and visitors during predetermined opening hours. The manor house courtyard will only be open for selected events. In the context of future use of the park and the courtyard, events organised by the municipality and other local actors, such as the Wine festival, Christmas markets, workshops and sporting events will take place in this space during the project implementation and after the project is completed.

- b) Arrabona Korlátolt Felelősségű Európai Területi Együttműködési Csoportosulás - Sustainability of the project result will be ensured as follows- The network of Green Ambassadors will continue to operate after the project as the members will be volunteers and Arrabona EGTC will regularly follow up with them and provide training for future ambassadors using the training materials to be prepared within this project. This material will also be useful for communities and individuals to set up sustainable practices and create and cultivate climate friendly green areas. This activity is vital for the sustainability of the results, as the experiences will be adaptable to the surrounding municipalities, associations making them available to more and more municipalities in the project area, ensuring equal access for citizens. Organising a wide range and large number of awareness-raising events so that a wide range of communities - educational institutions, casual individuals or organisations - can participate, regardless of gender, age, ethnicity or disability.
- c) Mosonmagyaróvár Város Önkormányzata - Sustainability of the project result will be ensured as follows- The future use of the new services offered by the development and public access to them can be ensured on the basis of the above, equal opportunities, gender equality and non-discrimination are also ensured by the fund, and no special measures are required. Specific attention will be given to ensuring that the area is accessible and that the ecosystem services mentioned above are available to vulnerable groups.  
The operation of the area is the responsibility of the 100% Municipal Ownership of the Municipal Management and Maintenance Ltd., which is also responsible for the maintenance of the facilities and the equipment created during the project development. The active participation of the above-mentioned Moson Civic Association will guarantee the smooth operation of the equipment.
- d) Mesto Šamorín - Sustainability of the project result will be ensured as follows - Given that it is a public building with a green roof, public access cannot be fully implemented, but students can learn about this process every day and as part of their education. The teaching staff of the project will receive training (Green Ambassador) in order to learn and integrate this education into their daily training and use it. Nevertheless, the benefits of building a green roof have a positive impact on the whole neighbourhood and can also act as an incentive for institutions to adapt it.

The school is 100% linked to the budget of the city of Somorja. The school building and the land under it are also 100% owned by the city. The overheads of the building are covered by the annual budget of the city. The management and overall maintenance of the building will be the responsibility of Attila Horváth, a staff member of the Municipal Office, who will also be responsible for the maintenance of the green roof in cooperation with the AREA (municipal enterprise) company.

- e) **Mesto Dunajská Streda - Sustainability of the project result will be ensured as follows -** Nowadays, with the public's access to more and more information on climate change, anything that is at least minimally related to ecological living is becoming increasingly popular. This applies to all aspects of life. Given that the subject of the application is a public space, it will serve the direct and indirect community. In the currently planned renovations and refurbishments, the design of the building is also planned in accordance with the rules on equal opportunities and accessibility.  
The Municipal Real Estate Dunaszerdahely Kft., as the institution responsible for the maintenance of the tendered area, provides services of public utility to the founder of the company - the City of Dunaszerdahely. The company, which is fully owned by its founder, started its operations in November 2012.
- f) **Győr Megyei Jogú Város Önkormányzata - Sustainability of the project result will be ensured as follows -** As a public park, the renovated park will be open to the public for all city citizens throughout the year. In the course of its infrastructural developments and investments, GYMJV Municipality treats the provision of access and availability with equal opportunities for everyone as a priority in all cases. The planned renovations in the park are planned according to the rules on equal opportunities and barrier-free accessibility, and the licensing and implementation plan will also be prepared in accordance with this aspect.  
Bishop János Simor's square is owned by the Municipality of Győr MJV, the financial resources necessary for its maintenance are partially provided by the budget of the municipality and the own revenues of Győr-Szol Zrt. Győr-Szol Zrt., which is 100% owned by Győr MJV Self-Government, operates and maintains the park. Under the leadership of the chief executive officer of Győr-Szol Zrt., the regular maintenance and operation tasks of the park are carried out with the participation of city management and horticulture specialists working in the City Management business.
8. The Lead Partner and the Partners cannot mortgage or impose any other form of bank guarantee on the goods purchased from the financing throughout the implementation period of the Project and, as a general rule, five years after the date of the final payment to the Lead Partner.
9. In case of purchase costs co-financed, the owners shall not substantially modify their respective project parts affecting its nature or its implementation conditions or giving to a firm or a public body an undue advantage; and resulting either from a change in the nature of ownership of an item of infrastructure or the cessation or relocation of a productive activity outside the NUTS 2 region in which it received support at least within five years from the final payment to the Partner, except where State aid rules provide for a different period. The time limit is set at 3 years in cases concerning the maintenance of investments or jobs created by SMEs.

## **Article 12**

### **Changes in the project partnership**

1. Being aware of the fact that all changes in the project partnership – with the exception of legal succession – need an approval of the Monitoring Committee and that the Managing Authority is entitled to withdraw from the Subsidy Contract if the number of Partners falls below the minimum number of participants, the Partners agree not to back out of the Project unless there are unavoidable reasons for it.
2. In case a Partner withdraws from the Project or is debarred from it, the remaining Partners shall undertake to find a rapid and efficient solution to ensure further proper project implementation without any delay. Consequently, the Partners shall endeavour to cover the contribution of the withdrawing Partner, either by assuming its tasks by one or more of the remaining Partners or by asking a new Partner to join the project partnership, respecting the relevant programme provisions.
3. The Lead Partner shall inform the Joint Secretariat and the Managing Authority as soon as changes in the project partnership are foreseeable. The changes in the partnership enter into force only after approval by the Monitoring Committee.
4. The provisions set for audits in Article 9 remain applicable to the Partner that backed out of the Project or was debarred from the Project.

## **Article 13**

### **Irregularities and the repayment of funds**

1. If the Managing Authority should – based on the provisions of the Subsidy Contract – request the repayment of EU contribution from the Lead Partner, the latter shall call upon the Partner that had caused the irregularity resulting in the repayment of the EU contribution unduly paid according to the request of the Managing Authority.
2. The Partner in question has to repay the requested EU contribution together with the interest on late payment (if relevant) to the Lead Partner.
3. The Partner has to respect the deadline given by the Managing Authority to the Lead Partner for the repayment of the EU contribution. The Partner has to transfer the requested EU contribution together with the interest on late payment (if relevant) to the Lead Partner **30 calendar days** before the deadline set for the Lead Partner.

## **Article 14**

### **Cooperation with third parties, assignment**

1. In case of co-operation with third parties (e.g. concluding sub-contracts) the given Partner shall remain the sole responsible toward the Lead Partner concerning the compliance with its obligations as set out in the present Agreement. Any contracts with third parties will have to be concluded in accordance with EU and national legislation. No Partner shall have the right to transfer its rights and obligations to third parties. The Lead Partner shall be informed by the Partner about the subject and party of any contract concluded with a third party.

2. In case of legal succession, e.g. when the Partner changes its legal form, the Partner is obliged to transfer all duties under this Agreement to the legal successor. The Partner shall notify the Lead Partner in written form within **15 calendar days** from the date of the legal succession being effected. The Lead Partner shall notify the Joint Secretariat according to the provisions set out in the Subsidy Contract.

#### **Article 15 Language**

1. The working language of the partnership shall be **Slovak, Hungarian, English**. Any official internal document of the Project shall be made available in English.
2. Present Agreement is concluded in English. In case of translation of this Agreement and its annexes into another language the English version shall prevail.

#### **Article 16 Applicable law, liability and force majeure**

1. Present Agreement is governed by the law of **Slovak Republic**. Each Partner shall be liable to the other Partners and shall indemnify for any damages or costs resulting from the non-compliance of its contractual duties as set forth in this Agreement.
2. No Party shall be held liable for not complying with the obligations ensuring from this Agreement should the non-compliance be caused by force majeure. In such a case, the Partner involved must announce this immediately in writing to the other Partners.

#### **Article 17 Concluding provisions**

1. Any amendments to this Agreement shall be in writing and shall be signed by all Parties.
2. In case of collision between the Subsidy Contract and this Partnership Agreement, the Subsidy Contract shall prevail.
3. Amendments and supplements to the present Agreement and any waiver of the requirement of the written form must be in written form and have to be indicated as such. The Lead Partner shall notify the Joint Secretariat and the Managing Authority of any amendment or supplement to the present Agreement.
4. If any provision in this Agreement should be wholly or partly ineffective, the rest of the provisions remain binding for the Parties. In such cases the Parties undertake to replace the ineffective provision by an effective one which comes as close as possible to the purpose of the ineffective one.
5. The Parties commit themselves to take measures in order to ensure that all staff members carrying out work within the Project respect the confidential nature of information regarded as such, and do not disseminate it, pass it on to third parties or use it without prior written consent of the Lead Partner and the Partner that provided the information.

6. The Parties will make efforts to settle any disputes arising from this Agreement out of court. In case an agreement cannot be made in due time, the Parties herewith agree that responsible court of Slovak Republic shall have jurisdiction to rule in all legal disputes arising from this Agreement.
7. 9 original copies will be made of this Agreement of which each Party keeps one original, while three originals are attached to the Subsidy Contracts.
8. The Parties signing the Partnership Agreement have fully understood and accepted the contents of the Subsidy Contract and undertake the activities and responsibilities in the meaning as included therein.
